

# "Spay It Forward" Corporate & Individual Sponsorships

You can help pets in need of spay, neuter, vaccines and microchips by sponsoring one of our SOS clinics specifically targeted towards the people and pets who need it most.

SOS clinics provide critical services for pets whose owners have demonstrated significant financial hardship. Each owner has submitted their story as to how this gift will impact them and their pet's life and has been financially qualified. Each person is required to contribute a dollar amount they determine they can afford towards their pet's surgery. Sadly, affordable veterinary services are out of reach for so many people. Our SOS clinics provide an opportunity for those who want to care for their pet the ability to do so.

## Full Clinic SOS Day: Dogs & Cats

- 25 Dogs of mixed sizes
- 30 Cats
- Spay/Neuter Surgery
- Vaccines (as needed)
- Microchips (as requested)

Investment \$9,000

## Half Clinic SOS Day: Dogs only

- 25 Dogs of mixed sizes
- Spay/Neuter Surgery
- Vaccines (as needed)
- Microchips (as requested)

Investment \$6,000

## Half Clinic Day: Mothers & Kittens

- 30 total mother cats & kittens
- Vaccines (as needed)
- Microchips (as requested)
- This package serves those who have a mama cat plus her kittens thus making multiple surgeries affordable.

Investment \$3,000

GOOD KARMA

*It goes without saying that you guys are doing much needed work and helping so many people experience owning animals without having to pay extreme vet costs for basic services. I can't believe how much my vet was going to charge for this same procedure (\$1000!), but no bad vibes to anyone, just THANKFUL and GRATEFUL for YOU in this moment!!*

-Stacie

*We are so grateful that Rogue was selected for the upcoming discounted neutering day. I can't begin to explain how big of a blessing this is for our family! Thank you SO much from the very bottom of my heart.*

- Brittney, FIXbend SOS clinic recipient
